

# Office

## Model: G-Plex A-D

**NEW OFFICES IN STOCK (14) AVAILABLE**

### **Building Description:**

Unit #: G-Plex A-D  
Asset #: 999-MGI  
Serial #: DBI XXXX  
Date Built: 2025-02-25  
Building Size: 24 x 60  
Sq. Footage: 1440

**Can Be Modified to Meet Your Requirements!**

### **Building Highlights:**

This 24' x 60' modular office provides 1,440 sq. ft. of flexible workspace in a brand-new 2025 build available for quick deployment. Featuring factory-installed HVAC, electrical, and plumbing systems along with durable, low-maintenance finishes, this relocatable building is well suited for office or administrative use with minimal site work required.

### **Available:**

Immediately

No warranties expressed or implied

## Why Modular Genius?

### PROVEN EXPERIENCE

With hundreds of successful modular building projects completed nationwide, Modular Genius brings expertise to every job. We specialize in delivering high-quality, code-compliant modular structures across education, government, healthcare, commercial, and industrial sectors.

### FASTER PROJECT DELIVERY

Modular construction can reduce build time by up to 50% compared to traditional construction. While site work is completed, your building is manufactured simultaneously in a controlled environment, getting you up and running sooner.

### COST PREDICTABILITY

Our streamlined process minimizes change orders and unexpected costs. With modular construction, you benefit from fixed pricing, less material waste, and reduced labor.

### FLEXIBLE & SCALABLE SOLUTIONS

Whether you need a permanent facility, temporary relocatable building, or a custom multi-story complex, our modular solutions adapt to your needs - today and in the future.

## Our Services

### PERMANENT MODULAR CONSTRUCTION

We use advanced offsite manufacturing techniques to build sustainable, high-quality modules. They are then assembled on your property to create durable, permanent structures designed for long-term use.

### DESIGN BUILD

Our service streamlines your project by having Modular Genius manage both the design and construction phases. We ensure a cohesive, efficient process from initial concept to final build.

### RELOCATABLE BUILDINGS

RMBs are crafted in a controlled factory setting using precise modular construction techniques - equipped with complete Mechanical, Electrical, and Plumbing (MEP) systems.

### DESIGN BID BUILD

We offer a traditional hard bid process where you can contract with separate architects and engineers for design, and partner with Modular Genius for the construction phase of your project.

**Modular Genius simplifies complex building projects -  
delivering speed, quality, and value without compromise.  
Let's Build Smarter, Together.**
