

Modular Leasing Office & Fitness Center

Adelphi, MD

The Challenge

A local apartment development was in need of office space, a fitness center, and an accessible business center for their residents and members. However, this office needed to be eye catching.

The Solution

Modular Genius, not only could deliver exactly what the customer was looking for, but exceeded all modular standards. A beautiful 1,248 square foot leasing and fitness center was built in 60 days from permit to completion.
