

Corporate Child Care Center

Atlanta, GA

The Challenge

Chick-fil-A, Inc. was in need of a temporary childcare center at its corporate headquarters in Atlanta, GA to support its employees.

The Solution

Modular Genius provided a 64' x 206' temporary modular childcare building, providing over 13,000 square feet of space. Separate rooms for age groups, as well as art and movement rooms allow a safe and entertaining environment for the children.
