

Modular Government Offices

Fort Wayne, IN

The Challenge

A Government medical facility providing both inpatient and outpatient care and services had a shortage of administrative office work space.

The Solution

Modular Genius provided by lease 3 new fully furnished temporary office units, with approximate measurements of 60' X 36'. The buildings included 5 private offices and 2 bathrooms each, wooden steps and ramps, and an open cubicle area. The installation was completed in less than 30 days.
