

# Prefabricated District Judges Office

Muncy, PA

## The Challenge

A local PA government had outgrown their previous courthouse. Needing more conference rooms, holding areas, and security the County chose to purchase a modular building for the task.

## The Solution

Modular Genius provided a 3,500 sqft modular building that includes conference rooms for both the defense and the prosecution, detention benches, and ballistic glass for the clerks. A glass and masonry vestibule was added to the main entrance for access and aesthetics.
