

# Municipality Modular Office Space

Perryville, MD

## The Challenge

A county waste water treatment facility was in need of office space after running out of room in their existing office buildings. They requested a permanent modular office building that had open work space as well as personal offices.

## The Solution

Modular Genius provided a 1,152 sqft modular office that included 4 offices, a restroom, and an ADA aluminum prefabricate ramp. The project was completed in 90 days from notice to proceed until occupancy.
